43% Senior Management 

15% Board Member / Political Position 

14% Department Manager 

14% Technician 

14% Middle Management 

"I came to this very exciting congress because my research explores what makes a city smart from a service integration perspective."

"I am very impressed by the Smart City Expo World Congress; it is very exciting to see so many things happening"

"Barcelona is a leader city".

Theresa A. Pardo

Director - Center for
Technology in Government,
SUNY Albany

"A couple of things that I am very impressed by: the number of individuals that are here, and the diversity of the people; they come from governments, mayors, from engineering and architectural firms and IT companies".

Anne Altman

General Manager
US Federal and Government
Industries, IBM

"I came to the SCEWC because I was very interested in what the state of the art is in terms of technology; there is a worldwide community of people doing this kind of work now and this is a chance for that network to come together."

"This show stimulates us to think in new ways about the kind of projects we can take on."

Nigel Jacob

Co-Chair - Mayor's Office of New
Urban Mechanics
